	4	
	5	
<b>RELAY EVENT - Any order but may not be changed.</b>		

All teams will comprise of 5 racers. Children's and Open A teams must have at least one female and one male. (Unchanged from last season). Open B and Open C teams may comprise of any racers, male or female or a combination of both. **Snowsport England rules will apply in respect of racers not ready to compete when called (i.e. 7mins from the time of the last team competitor completing the previous run).**

Before the start of the competition, copies of all team members' names must be received by the regional race official present on the official commentary sheet. This is to assist in commentary and to assist the start marshal's in keeping the competition running smoothly. **The names of entrants to the "stampede" event must be given to the race organisers by the end of the second run. The teams will then be selected and no further names will be accepted.**
