Each club can enter up to two teams in each category. Each race is a **RELAY**. If a club has two teams in one age category they will be placed in the same half of the draw. Club points will be awarded for the best placed team. In the unlikely event there are more than 8 teams in a category there will be a draw or a ski-off with the winning team qualifying.

All teams will comprise of 5 racers. Children's and Open A teams must have at least one female and one male. Open B teams may comprise of any racers, male or female or a combination of both. ***Snowsport England rules will apply in respect of racers not ready to compete when called (i.e. 7mins from the time of the last team competitor completing the previous run).***

Before the start of the competition, copies of all team members' names must be received by the regional race official present on the official commentary sheet. This is to assist in commentary and to assist the start marshal's in keeping the competition running smoothly. ***The names of entrants to the "stampede" event must be given to the race organisers by the end of the second run. The teams will then be selected and no further names will be accepted.***
